**Re: Notice to Cease and Desist**

Dear Mr. Shipkin:

This Firm represents Clever Real Estate ("Clever").

It has come to our attention that you, and possibly agents or attorneys acting on your behalf, are publishing false and defamatory statements regarding the business practices of Clever. .

Though our investigation is ongoing, we believe these false statements include:

- Posting false statements on Clever's website indicating their business practices and compensation structure is illegal
- Posting false statements on your own company's website indicating that Clever's business practices and compensation structure is illegal

False statements such as those described above are highly damaging to Clever. Clever will not sit idly by while its business and financial integrity are falsely impugned. If you and your agent(s) do not immediately cease and desist from such activity, Clever will be forced to take all necessary action it deems appropriate to protect its interests.

Please direct all further communications regarding this matter to the undersigned.

Sincerely,

Apollo D. Carey
